MicroSociety & Entrepreneurship Program

2016-2017

Innovation Focus Details for 2016-2017

- **Kindergarten and First Grade** students will take part in MicroSociety lessons that will guide them through types of government, economy, and job-related skills.
- **Second Grade** students will participate in MicroSociety lessons, resume writing, completing job applications, and interviewing, in preparation for their role in our MicroSociety program in third grade.
- **Third Grade, Fourth Grade, and Fifth Grade** students will participate in MicroSociety as we currently know it, by working in a venture or agency created by their peers, or being elected into a legislative role.
- **Middle School** students will participate in an Entrepreneur Experience which will include career and college/technical researching, career presentations from outside businesses, financial literacy lessons, writing business plans, the importance of marketing, and a multi-year portfolio.
